

Case:
Disney Enchanted Tour

“

"We chose FogScreen™ because of the unique qualities it has that bring the magical well to life. Its real life movement and fluidity capture a water effect like no other. Our concept required guests to walk through the well water effect without getting wet which FogScreen allows"

Carat

Event:

The promotional business to business tour of the new Walt Disney film, Enchanted

Time:

January and February 2007

Place:

Place: Munich, Madrid, Brussels, London, Paris

Customer:

Push UK / Carat / Disney

Description:

Whilst walking through the experience the invited attendees will have an exclusive glimpse into the world of the movie (to be released in December / November 2007). One of the key features of the movie is an enchanted wishing well. The effects of which have been created with FogScreen.
